I looked in stores everywhere but couldn't find garden boots pretty enough to suit me until I saw these. These colorful boots are just the cheerful remedy for dark, rainy days + muddy yards. : ) The flowers + colors are even more vibrant than shown in the pictures. **The midway height of these boots are just high enough to keep out any splashes + there's a lip at the heel which is helpful when you want to kick your boots off**

**(hands free)**... These boots are absolutely fun + comfortable! It even comes with a clasp to hook your boots up so they can dry off. I suggest you get a larger size as these come about half to 1 size smaller. I'm just happy to wear them any + everywhere. : ) - Islandgirl

Searched long and hard online and in stores for rain boots just the right height, style, and price but with a kicky design. Finally found these Sloggers. Bought a size up so easy on/off with even thick socks. **Has a knob on the back so easy to kick off using only feet, no hands.** Completely waterproof, and warm. Many compliments. Wear 'em anytime Vermont skies precipitate. Couldn't be more pleased to get exactly what I wanted inexpensively. - Mary

These boots were perfect for me! **I'm a college student so having the right rain boots is important.** These are durable and comfortable, I've walked to classes about a mile and a half away and my feet didn't hurt at all and they were dry! I love them! **Also I love that they just come up to mid calf.** I usually wear a 6.5 or 7 and the size 7 fit perfectly with some room for thick socks! - Joanne

I needed to replace my garden boots. These are a perfect solution. **They aren't as heavy as my rubber ones.** And they are colorful! - Janet

**Most Comfortable Rubber Boot Ever!** I purchased these boots in the Red Paisley. **I have worn them time and time again. Not only are the insoles/footbed comfortable, but these boots are reasonably warm too.** I even purchased the 'clog' version of these Sloggers in the Black. I just can't say enough about these boots! **LOVE LOVE LOVE them!**

Love um! What a great boot. Extremely comfortable. Can wear all day with or without socks. I wear a size 7 but ordered 8 and my foot slides in and out very easily. **The little notch that extends on the back heel is a great feature to step on when you don't want to remove the boots with your hands, boot slides right off.** Bought the yellow flowers for fun and get compliments (really bright). GREAT GARDEN BOOT. Thanks. - Blutot

So Comfortable! Adorable! **These are the PERFECT gardening boot!** Be sure to size up if you are a half size and you will love these boots. We have almost 2 acres of yard and woods, so I put in very long hours gardening. **My feet never hurt and I feel safe in these boots.** I have problem feet and have never been able to find a boot that didn't leave me in pain until now. I've been wearing them for months and they are still comfortable and look so cute! You will not be disappointed! - Shijeni

**Cute to boot! Love em'.** I purchased these boots in red paisley because the rain boots in the department stores are outrageously overpriced. **My calves are athletic, but happy to say they are not at all tight,** especially during my ninth month of pregnancy they fit nicely loose. I did order up to 9. **Even my fashion snob sis wants a pair because they are cute and affordable.** I am tempted on getting the blue one next. - ModChic

Moving to an apartment meant taking the dogs out on a leash ... I needed a quick solution to rainy day footwear. Sloggers are PERFECT!!! **Easy to slip on, comfy, totally waterproof, and cute enough to wear running errands.** I've had great compliments on them ... you will love them!!! - Kat

I love the Slogger garden shoes. They fit well and so far have held up very well (much better than others I have tried). I also have a pair of Sloggers boots and find them to be **well-constructed, comfortable, and cute!** I have tried many department store rain boots and they never last long and they are much more expensive. **Sloggers are high quality at a very affordable price.** - MaxCat

I love this little garden shoe. **It is so very comfortable.** Your feet will not get wet in these; **great for washing the car,** too. I love the wild print. - History Gal

Love the shoes! **I have received so many positive comments about my fun-looking shoes!** Quality made, easy fit, I'd buy them again in a minute. I tend to have narrower feet, and I don't have a problem at all with these fitting comfortably. - Fred (a gal!)

**I definately recommend the Slogger brand!** And folks... THEY'RE MADE IN THE U.S.A. - ManyFeathers

**These Sloggers are GREAT.** I purchased my normal size and they fit perfectly. These shoes are fantastic on the "slope" and are so comfortable. I have hosed them off inside and out and they dry wonderfully. Fantastic purchase. - Margie

Very comfy garden shoe! I purchased these shoes the last time that they were on air and was pleasantly surprised. **They are the most comfortable, well fitting garden shoe that I have ever tried,** and I have had many brands. My mother-in-law recently mentioned that she could use a new pair of garden shoes, so I just ordered a pair for her for Christmas. These are a must have for any gardener. - Baltimore girl

Wearing these makes even weeding enjoyable! **Down right ADORABLE, true to size and a breeze to rinse off and keep clean.** I really enjoy these garden clogs!!! Many thanks and keep the fun prints coming!!! - Nnicki

I got these last year for working in the yard .. my girlfriend liked them so much she asked me to get her a pair! (of course they were OUT!) This year when I saw them, I ordered her one and another for me .. we live part time in Ketchikan, Alaska where it rains alot .. these are PURRRRRFECT! **I use them to take the dog out, when I am working in the yard and of 'course when it is wet with rain!** I have even thought of using them when I travel on the planes .. easy to go through airport security and if your feet swell .. they are easy to slide on and off. I am soooo glad I found them .. a great shoe! - PuttPutt

"I love this shoe...it's perfect for gardening. I saw them a long time ago and didn't get them because **I usually garden in my old sneakers and this past weekend I looked at them and said 'NO MORE!' and got these darling little shoes. They are soooooo comfortable.** I was very impressed with the comfort level. It was like wearing slippers. I can get them wet and muddy and not worry about the fabric like I did with my old sneakers...just hose them off and they drip dry in minutes. Those old things served it's purpose but I deserve a great pair of these Sloggers. I can wear them also in the rain. LOVE!" - Donna
